MATHS

We are very excited to continue with Maths No Problem this year which is a scheme where the children will receive their own personal workbooks. These have challenged and will continue to challenge the children on their maths learning journey. This half-term we will be focusing on decimals and percentages

PSHE/RE

This half term for PSHE, the children will be exploring their goals and dreams, looking at steps for how to achieve these.

In Religious Education, the children will be exploring Hinduism. They will have deep and meaningful conversations and will learn from each other, helping them to form their own opinions.

SCIENCE

Science this term will cover the topic of Earth and Space. This will involve looking at our Solar System, the phases of the moon, seasons and why we have day and night.

HISTORY

In History, we will be focusing on the Anglo-Saxons in Britain and the effect that this part in History has played on our lives today. This will add to children's chronological knowledge of the Romans, Anglo-Saxons and the next topic of the Vikings.
